

CONFLICT RESOLUTION- MANAGEMENT AND NEGOTIATION SKILLS FOR COMPANY SECRETARIES

Deploying science of intellectual acuity and influence in
conflict resolution-management and negotiations.

COURSE INTRODUCTION

Conflict resolution-management and negotiation are a feature of our current reality. Causes of conflict may range from philosophical differences, divergent goals, to power imbalances. Inappropriately managed workplace conflicts and unresolved disputes impact upon organisational effectiveness. Potentially draining valuable talent resources, effective productivity, and motivation. Unmanaged, or poorly managed conflicts, generate breakdown in trust and productivity that signals the eventual death of a business cohesion. Conflict resolution-management and negotiation include handling situations in which conflict is already overt, as well as those in which it is latent. Situations may include efforts to enter into contracts, forge partnerships, seek to become change agents or amend relationships. Encompassing personal, inter-personal, structural, or business issues within the organisation or in the public sphere.
