CONFERENCE FACILITIES @ SSM

Introduction

Intelligent Building Features

Year 2010 marked a significant milestone for the Companies Commission of Malaysia (SSM) with the completion of its corporate headquarters located at Kuala Lumpur Sentral (KL Sentral). The ultra modern 31-storey office building is strategically located within Kuala Lumpur's transportation and transit hub. KL Sentral is the focal point for the rail transit (LRT), KTM commuters, monorail and the express rail link (ERL) to Kuala Lumpur International Airport.

Menara SSM@Sentral features various green features. They are incorporated in the design, development and operational aspect to ensure energy efficiency and sustainability of the environment.

Menara SSM@Sentral stands at a height of 131.15 metres, with a total of 31 floors comprising 24-storey office floors and a 7-storey elevated car park with a total of 345 parking lots for both the employees and visitors to SSM.

Conference Facilities at SSM

The conference facilities, which are available for public use, come well equipped with sophisticated, state of the art audio visual equipments. The modern-designed rooms are suitable for conferences, corporate meetings, product launches and corporate training with the assistance of professional service staff to meet the needs of the public.

Facility Highlights:

- a) Auditorium Tun Dr. Siti Hasmah
- b) Conference Room - Enggang Room
- c) Six (6) Training Rooms
- d) Eleven (11) Meeting Rooms
- e) Pre-function area, located at level 10 and level 14

- RGB/ Stereo audio receptacle panel

A modern lounge area featuring several bright orange upholstered chairs arranged around a round glass table. In the background, a large window with a grid pattern allows natural light to enter, and a potted plant is visible on a ledge. The scene is overlaid with a dark grey banner containing the text '13th Floor' and a decorative white geometric shape on the left side.
